Don’t know what Valve Cover Racing is? Think “Pinewood Derby” for the Car Guy!

Starting with a valve cover from an automotive engine, a “racer” is created by adding a chassis, wheels and weights. Racers can be engineered in any way you want, so long as they follow the official rules (see below), and can take on any personality or character that you see fit.

Build Your Racer -- Each valve cover racer must:
- be made from one automotive engine valve cover;
- have four (4) wheels, none of which extend beyond the front of the valve cover;
- wheels no larger than six (6) inches in diameter
- be propelled by gravity only;
- not contain any moving weights;
- be no longer than 30 inches, measured end to end; be no wider than 12 inches;
- and weigh no more than 12 pounds, ready to race

Custom Designed T-Shirt by Ludwig Betz

Order your commemorative T-shirt, custom designed by Ludwig Betz. Ludwig has designed the commemorative shirts for the past several years, and each year has been a sell-out.

This year, our featured marque celebrates Land Rover / Rover, and the Rare Gem celebrates Sportscars of 1967.

Shirt available in sizes Medium – X Large – XX Large. Sand Color with a green Land Rover.

To reserve your shirt, just send in your order with your payment and pre-registration for the show. Shirts will be available to pick up at the Hospitality Tent at the show, or send an additional $7 for shipping prior to the show. (This design and our other shirts will be available for sale the day of the show.)

1967 Fashion Parade

The Rare Gem this year highlights cars from 1967—that was 50 years ago—the last year of unfettered automotive freedom! All makes and models welcome—the year is the qualifier.

For added fun, come dressed like it was 1967 – even if you don't have a 1967 auto. Then at 3:00, join the Fashion Parade, near the Rare Gem parking area. The audience applause meter will select a winner. There will be cash prizes.

So google 1967 fashions, or dig out your yearbook – relive those hippie days of yesterday.
